17. SELECTION TO FILL BOARD VACANCIES (Vice President)

A. EDUCATION & YOUTH AT LARGE REPRESENTATIVE - Lupe Ramos

I seek to represent education and youth in the ASNC. I have been involved in the educational field for many years, working and educating parents and children of all ages. I've had the opportunity to educate and be educated by way of my various roles, such as therapist, school social worker and administrator, amongst others. These opportunities took place in various settings, such as elementary, junior high and high schools, outpatient mental health and pre-school programs, as well as home visits. I am now retired and able to participate fully in the ASNC to represent the interests of children, youth and family in the educational context.

B. SYCAMORE GROVE GEOGRAPHIC REPRESENTATIVE - Darlene Cabrera

I'd like to take this opportunity to introduce myself to the Board and explain why I think I am a great candidate for the Sycamore Grove Representative Board member opening. I am the Executive Director at La Casita Verde for eight years but with the agency twenty-one years. I have in the past considered this position but had many other projects that I had to work on. Today, my ability to join this Board has immensely opened up and I would like the opportunity to become part of this Board. I can see how there is a need within Sycamore Grove and I, along with Mrs. Ibañez, would work to assist the area. I would consider it a real honor to be selected as Sycamore Grove Representative and to be a part of this Board. It will also give me the opportunity to serve this great community.

Friends,

The Ebola virus has dominated the media headlines the past few weeks. I wanted to address this issue of our public health and assure the community that exposure to this rare virus disease from Africa is highly unlikely. There should be no cause for alarm.

The Center for Disease Control and Prevention states that the risk of exposure to the virus is mainly from individuals who were in West Africa during the current outbreak. This week we received a report in City Council from Dr. Jeffery Gunzenhauser, the interim public health director of L.A. County who assured that although the Ebola is a serious issue, that we are prepared.

My colleague, Council Member Paul Krekorian put it best, "Let's be careful, but realistic. There will be fewer deaths from Ebola in the United States than there will be deaths by people hit by lightning this year."

What we can do as a community to promote public health, especially during the beginning of the flu season is to take precautions to practice good hygiene.

First and foremost, get a flu vaccine as soon as possible, especially if you are at-risk.

Also, remember to always wash your hands with soap and water or use an alcohol-based hand sanitizer to prevent spreading germs. Cover your nose and mouth with a tissue when you cough or sneeze.

And finally, if you or a family member is sick or showing symptoms, limit contact with others by staying home and getting rest.

Together, we can maintain a maintaining our public health by ensuring better health habits.

Sincerely,

Gilbert A. Cedillo

Councilmember, First District

LEGISLATIVE UPDATE

Municipal Elections

On Wednesday, I voted to support bringing to the voters an amendment to the City Charter to change City and Los Angeles Unified School District (LAUSD) municipal election dates to June and November of even-numbered years beginning in the year 2020. The current system fails us, the majority of the population doesn't participate and is left out of our democracy. Therefore it is incumbent for us to change it.

The City Charter amendment will be tentatively schedule to be on the March 2015 ballot once City Council approves the final motion.

Foreclosure Registry Enforcement

On Wednesday in Housing Committee, we moved forward our motion that will amend the Foreclosure Registry Program to required banks and other lenders to pay a proactive inspection fee when a property goes into foreclosure. We are working hard to make sure that we have the proper enforcement and resources to prevent blight in our communities because of foreclosed homes.

Food Day Champion

On Tuesday, we recognized Theresa Farting as the First District's Food Day Champion. Food Day in Los Angeles celebrated National Food Day with diverse food system leaders and advocates, highlighting the City Council leadership on key food policy issues. We recognized outstanding "Good Food Champions" and "Good Food Purchasers" who bring Good Food to the City of Los Angeles.

This year, our office couldn't have found a better choice than Theresa. She just graduated the L.A. Kitchen's 15-week culinary arts and nutrition advocacy training program and is also the first L.A. Kitchen graduate hire. She is one of L.A. Kitchen's older students who has flourished. L.A. Kitchen reclaims healthy, local food that would otherwise go to waste, and uses it to empower, nourish, and engage the community.

Theresa has overcome all of these barriers and has really gravitated toward using 'food as medicine.

Theresa has dramatically changed her diet and lifestyle as a result and she has encouraged her family, peers, and community to make educated food choices and live a healthy lifestyle.

Congratulations to Theresa Farting, our Food Day champion!

50K Reward to Find Driver that Killed Gloria Ortiz

Today, my colleagues will approved a \$50,000 reward for information leading to the arrest, prosecution and conviction of the hit and run driver responsible for the death of Gloria Ortiz.

On Sunday, September 14, 2014, around 7:50 p.m., a vehicle versus pedestrian traffic collision occurred on Avenue 50 and San Marco Place. Victim Gloria Ortiz, a 57 year old resident of Los Angeles, was crossing Avenue 50 at the crosswalk when she was struck by a vehicle traveling southbound. The hit and run vehicle was described as an older model Honda Civic driven by a male, Hispanic. The driver never applied the brakes and fled southbound on Avenue 50. According to witnesses, the driver was possibly distracted by his cellphone.

The driver of the Honda Civic left the scene of the crash without identifying himself or rendering aid as required by law. Anyone with information on the accident should contact the LAPD's Central Traffic Detectives at (213)833-3713.

FIELD UPDATE

Pepperdine University Public Policy Discussion

This week, I was a guest speaker at the Graduate School of Public Policy at Pepperdine University. We had a lively discussion on the realistic issues an elected official faces when developing public policy at different levels of government. We discussed immigrations as it relates to the California driver license as well as leadership in government.

It was great to be part of the class discussion and I thank Professor Joel Fox for having me.

Keep it Clean in Glassell Park and Cypress Park

This past Saturday, Team Cedillo together with 200 volunteers from the Glassell Park Neighborhood Council, Glassell Park Improvement Association, Greater Cypress Park Neighborhood Council, LA Conservation Corporation, Northeast Graffiti Busters, Aztecs Rising, PUC eCALS, LA River School, and Eagle Rock Yacht Club had a major clean up that filled 170 trash bags with litter, weeds and debris. Thanks to Super King Markets for breakfast and LAPD Northeast Division for lunch that kept volunteers happy and feed.

Public Safety Improvements for Glassell Park and Cypress Park Community

To keep our streets safe, we worked with the Department of Transportation on installing a new four way stop at Division St. and Winmar Dr. along with five new 10 MPH and curvature signs on Yorkshire Dr between Moss Ave and Parrish Ave to reduce speeding accidents in areas the community and my office identified needed improvements.

Cert Earthquake Drill

This past week, over 100 residents of the Jessica Square Neighborhood in Mt. Washington participated

in the first earthquake disaster drill for the area. Volunteers from other neighborhoods in the First District also volunteered such as Sycamore Grove, Montecito Hts. and Highland Park. Team Cedillo participated and helped organize the event under the leadership of CERT graduates Nancy Nickerson and Ben Park. The residents including children, posed as victims with simulated injuries and professional makeup to add to the realism and fun for the day. Volunteers carried victims to triage and learned to make decisions on who needed immediate care and who did not.

Also participating was a team who rescued pets in a disaster drill. Because of the 2005 Hurricane Katrina disaster, many pet owners stayed behind with their furry friends instead of seeking help for themselves. Consequently, drills are now integrating rescues for pets as well.

Our drill included three search and rescue teams bringing aid to victims and teachable moments for all of the participants. When the drill was over all volunteers participated in a self-evaluation of the drill in order to improve and learn for the next one. The day culminated with food, friendship and raffle prizes for all volunteers.

Team Cedillo was proud to support CERT Teams as part of his agenda in making public safety a priority in our District.

Burlington Family Apartments

This past Thursday, Team Cedillo celebrated the opening of the Burlington Family Apartments by Clifford Beers in Westlake. The apartments are a welcomed site that includes 30 units of permanent supportive housing that serves former homeless individual and families, some of whom are living with a mental illness or disability. We welcome the Burlington Family Apartments to the First District!

3 **Eagle Rock Brewery Defends Its Right to Brew**

Fri Oct 24, 2014 8:20 pm (PDT) . Posted by: [asncaalert](#)

<http://www.lamag.com/liquidlablog/eagle-rock-brewery-defends-right-brew/> <http://www.lamag.com/liquidlablog/eagle-rock-brewery-defends-right-brew/>

Five years after the East L.A. brewery opened, the city is holding a public hearing to decide whether the Eagle Rock team can keep the doors open

October 22, 2014

Every time the city hauls the owners of Eagle Rock Brewery into a public hearing, it costs the small

business more than \$5,000. And a hearing on November 6 will be the fourth of its kind in five years, says Eagle Rock co-founder Ting Su.

"It's really unfortunate," says Su. "We've done nothing but good things for the community since we opened in 2009. And how does the city thanks us?" she asks. A bill for over \$20,000 total in public hearings.

Well before the brewery's civic tab topped 20 large, it was 2009 and there wasn't a single craft brewery open in the city of Los Angeles. To become the first, Eagle Rock Brewery needed a special kind of permit. To get that permit, the owners had to appear before a zoning committee at a public hearing. That very first hearing, way back in 2009, went off without a hitch. "The city was ready to give us a ten-year permit," says Su. But first, the city required a 30-day period for the public to raise any concerns about the brewery.

The public, as you may have predicted, raised concerns. Well, not the public exactly. Just one guy, the owner of a commercial building nearby. "It was absurd. This random guy said that because we're a brewery, there was going to be an influx of prostitution, public urination, gang activity. Totally baseless," says Su.

But because the man contested, Eagle Rock had to go in for their second public hearing in as many months. And a member of the zoning board bought the guy's line. The board granted Eagle Rock Brewery the permit they needed, but they reduced the period covered by the permit to five years instead of ten. And as a condition of granting the permit, the brewers would have to pay for yet another public hearing the following year.

A year into business, none of the shady dealings that the naysayer predicted had materialized. The man himself didn't even materialize for that public hearing. But hundreds of Eagle Rock Brewery supporters did. "I couldn't look at them before I talked to the board because I was afraid I'd cry. There were so many people there to support us."

Which is what Ting Su and the rest of the folks at Eagle Rock Brewery are hoping for this time around as well. In five years of doing business, there hasn't been one incident involving the police at the brewery. And the area around the brewery is cleaning up, says Su. Even so, the zoning board could choose not to renew their permit for another five years. Which would mean closing the brewery's doors for good. "It's terrifying. This stuff with the city...we almost went bankrupt last time."

So let's be real for a moment. Supporting Eagle Rock Brewery by showing up for the November 6 hearing is one of those selfish acts that you can parade around as if it's charity. Because you know you don't want to live a life without Manifesto or Solidarity or Equinox (it's coming! I saw them printing the labels!). So go; be one of the tears of joy that rolls down Ting Su's cheek. And then cheers Eagle Rock Brewery on many more years to come.

Councilmember Huizar Allocates Additional \$250,000 for CD14 Sidewalk Repair Program
Today's action brings CD14 sidewalk funding to \$500,000, with another \$250,000 going to increased graffiti removal, cleanup and bulky item pickup services

Today, the City Council approved a motion submitted by Councilmember Huizar, which will allocate an additional \$250,000 in funds for the CD14 Sidewalk Repair Program, under Councilmember Huizar's Clean Communities Initiative.

Since April, Councilmember Huizar has implemented a very successful Sidewalk Replacement Program to repair broken and buckled sidewalks in Council District 14. Created with an initial \$250,000 from the CD14 discretionary budget, this program has resulted in more than 6,500 square feet of concrete poured to repair sidewalks, curbs, and gutters this year. Councilmember Huizar's staff have also partnered with the City Bureau of Street Services to pave an additional 22,000 square feet of sidewalks throughout CD14 in a coordinated effort through his Clean Communities Initiative.

Councilmember Huizar is committed to fixing the worst sidewalks, taking into account locations with high pedestrian volume and vulnerable populations.

So far, Councilmember Huizar has allocated \$750,000 to fund the Clean Communities Initiative, which

combined with existing City Services is now a more than \$1.75 million project.

The goal of the Clean Communities Initiative is to make our neighborhoods safe and inviting.

Improvements include:

- Increased Graffiti Removal Service
- Commercial Corridor Maintenance
- Monthly Bulky-Item Drop-Off Dumpsters & Roving Trucks
- More than 200 Additional Trash Cans on Sidewalks
- Monthly Community Clean-Ups
- Planting & Maintenance of 272 Trees in Northeast L.A.
- Surveillance Cameras to Catch Illegal Dumping
- Tree Trimming
- More than \$500,000 of Targeted Sidewalk Repair

Please contact Councilmember Huizar's Northeast LA office at (323) 254-5295 with questions or to suggest a location for repair.

Councilmember Huizar Invites You to the Colorado Blvd Specific Plan Open House & Public Hearing

Wednesday, November 19th
Open House at 6 PM
Public Hearing at 7 PM
Center for the Arts Eagle Rock
2225 Colorado Boulevard

The Los Angeles City Council voted unanimously this week to support legislation proposed by Councilmember José Huizar to formally begin the process to expand business hours on Colorado Boulevard in Eagle Rock by amending the guidelines of the Colorado Boulevard Specific Plan, which has been in place since 1992.

The City of Los Angeles Department of City Planning will be holding an open house/public hearing regarding the proposed AMENDMENT to the Colorado Boulevard Specific Plan. The amendment will DELETE the following text about hours of operation found in Section 6-B.(h): "Any business which operates between the hours of 9 p.m. and 7 a.m.;"

While Colorado Boulevard has a growing reputation as a food, nightlife and retail destination, businesses there are at a disadvantage compared to nearby cities, such as Pasadena and Glendale, since business hours are restricted under the Specific Plan from 7 a.m. to 9 p.m.

Councilmember Huizar introduced the legislation with the support of local community organizations, such as the Eagle Rock Neighborhood Council, the Eagle Rock Chamber of Commerce, The Eagle Rock Association (TERA) and the Colorado Boulevard Design Review Board.

"Despite the hour restrictions, the corridor is made up of hard-working business owners who have turned Colorado Boulevard into one of Los Angeles' premier commercial-retail destinations," said Councilmember Huizar. "By lifting these hour restrictions, we are allowing them to compete directly with local cities and keeping business, customers and tax dollars in Eagle Rock and the City of Los Angeles."

The open house provides another opportunity to learn more about the amendment, ask questions, and provide your input to Planning Staff. Following the open house, a formal public hearing regarding the proposal will be held. During the Public Hearing, a Hearing Officer will take public testimony and written correspondence on the amendment. The public hearing is your chance to officially comment on the record regarding the amendment. No decision on the project will be taken at this meeting; however, your comments will be taken into consideration in the final recommendation to the City Planning Commission. The City Planning Commission hearing is scheduled for December 18, 2014.

For more information, call the Northeast LA Office of Councilmember Huizar at (323) 254-5295.

Congratulations to GPIA on 46 Years!

Congratulations to the Glassell Park Improvement Association on 46 years of advocacy and service!
